# Trailers & Specialized Transport

Expert Solutions for Over-Dimensional Cargo (ODC) & Heavy Machinery

For cargo that exceeds standard dimensions and weight limits, our specialized trailer fleet ensures safe and compliant transport.

## 40ft Flat Bed & ODC (Over-Dimensional Cargo)

Best for: Long steel beams, pipes, and wide loads that require an open platform.

Capability: Handles loads that extend beyond standard truck dimensions. Generate an Image in Indian Truck

## Semi Lowbed Trailers

Best for: Tall machinery and heavy equipment requiring a lower center of gravity.

Advantage: easier loading for wheeled equipment.

## Lowbed Trailers

Best for: Extreme height cargo and heavy construction equipment (Excavators, Cranes, Transformers).

Advantage: Ultra-low deck height ensures clearance under bridges and power lines.
